TECHNOLOGY CENTER R3700

Sir:

In response to the Official Action dated September 25, 2002, Applicants amend the Application as follows:

In the Claims (Marked-Up Version)

1. (Twice Amended) A seamless doll's skin comprising a seamless, molded elastomeric material adapted to be repeatedly dressed, fitted [to] over and removed from a doll to transform the doll into a different character or object.

6. (Twice Amended) [The skin of claim 1] A doll's skin comprising a seamless, molded elastomeric material adapted to be dressed, fitted to and removed from a doll to transform the doll into a different character or object, wherein the elastomeric material has a 100% modulus of elasticity between about 120 and 350KN/m<sup>2</sup>.

10. (Twice Amended) A seamless doll's garment comprising a seamless, molded elastomeric material which is adapted to be repeatedly dressed, fitted over and removed from a doll having a height in the range of above 8cm to about 20cm.
